TAKE THE WEB WITH YOU.

NPP Members,
Make your business instantly more productive with Verizon Wireless and National Purchasing Partners.

Verizon unchains you from the desk, giving you the tools to operate your company at full strength even when you're not there. Verizon 4G LTE is the largest 4G LTE network in America. And, Verizon 4G LTE gives you even higher speeds - 10x faster than Verizon 3G. Upload a 10 MB PowerPoint presentation in less than 25 seconds.

With Verizon 4G LTE your business will become more:

- + **Powerful** - Verizon 4G LTE supports critical business applications.
- + **Diverse** - Implement backup use for anything your high-speed wireline network supports.
- + **Nimble** - Typical 4G LTE speeds: 5 to 12 Mbps download, 2 to 5 Mbps upload.
- + **Secure** - Enhanced security lets you easily access your company's virtual private networks.
- + **Global** - The Mobile Hotspot Mifi 4620L has coverage in over 200 countries, 150 with 3G coverage.

GET MORE DONE WITH THE PUSH OF A BUTTON.

**NPP Members,
Make your business instantly more productive with Verizon Wireless and National Purchasing Partners.**

Enjoy instant two-way communication for mobile teams on-the-go. Easily make announcements, gather information or mobilize your employees, all on the nation's largest Push to Talk network. And with Sprint shutting down their entire iDen network by mid-2013, a lengthy network migration can be a burden for your business. Switching to Verizon Push to Talk right away can provide an immediate network enhancement.

And, for a limited time, you can get great deals on Push to Talk devices, which enable you to:

- + Instantly connect with up to 50 coworkers at once with Group Calling.
- + Easily see available contacts using the Presence Feature.
- + Store up to 500 individual and up to 100 group Push to Talk contacts.
- + Manage contacts online for the entire company.

Hurry, these offers expire 12/31/2012!
