Estero, FL 33928

Networking - 5:30 pm
Presentation - 6:15 pm

\$30 CBIA/LBIA Members, \$55 non-members

What is Really Happening in New Home and Land Sales in Southwest Florida.

Please join prominent building industry professionals and businesses in supporting the Building Industry Association at Market Trends, this year's premiere home building industry event. Again this year, the Lee and Collier BIA organizations have teamed up to offer the region's largest program of its kind with an expected sell out audience.

Randy Thibaut, President & CEO of Land Solutions, Inc., will be presenting facts and insight that directly impact the industry. His knowledge of the market and accurate and up-to-date research will provide attendees with the tools needed to make informative decisions that positively impact our region.

Join us to learn where are we at in the new home and land market for Lee, Collier & Charlotte counties. Find out at the Building Industry Association Market Trends event, where we will present vital statistics and trends specifically related to the new housing and development industry.

This is the one event you must attend if you are in the real estate and housing industry or a professional who's business depends on it! Register early for this sell out program. Seats are limited!

Support an event that supports the building industry.

Naples, Florida 34105

The LBIA and CBIA are comprised of approximately 600 companies involved in every aspect of the building industry and our respective communities for a growing southwest Florida. Our associations serve our members and advance the building profession through communities of knowledge, sharing and education.
