About the Sales and Marketing Council (SMC)

The Sales and Marketing Council's (SMC) mission is to provide sales and marketing assistance, information and support to the builder and associate members of the Collier Building Industry Association (CBIA) so that they might design and build products suited for the market place and market those products in the most effective manner possible. The SMC serves as a means to stimulate and maintain a high quality of sales and marketing expertise for CBIA members.

The Strength of the council can be measured by the participation and enthusiasm of each member. By working closely with our members, SMC continues to showcase the Sand Dollar Awards® each year making it one of the most successful programs within CBIA.

About CBIA

Founded in the 1981, the **Collier Building Industry Association (CBIA)** is an organization of dedicated industry professionals who are inspired to make a positive impact in our community through **ADVOCACY, EDUCATION, NETWORKING and PHILANTHROPY.**

As the collective voice of the Collier County building industry, **CBIA** serves a thoroughly engaged and effective advocate for its members. In representing the interest of the building industry, **CBIA** provides its members pathways for continuing education, relationship building and opportunities to be of service to the community.

About the Collier Building Industry Foundation

The **Collier Building Industry Foundation (CBIF)** is **501(c)3 organization**, established in 2005 to operate the charitable arm of the Collier Building Industry Association (CBIA). CBIF's mission is to provide housing-related educational activities, including assisting students in understanding and pursuing rewarding careers in home building and related trades. Hands-on experiential learning opportunities are provided to students as well as field trips and participation at "Spring Camp" through the Future Builders of America. The Collier Building Industry Foundation provides annual scholarships to high school and college students pursuing careers in construction related fields. To date, the Foundation has provided over, 50,000. to students pursuing careers in construction and related fields including architecture and engineering.
