

Since the Member Rebate Program has been offered as a free member benefit of the Florida Home Builders Association, it has given participating members a total of \$55,779.50. With 75 members participating in the program, that is an average of \$743.73 going to each builder and remodeler member!

AZEK Building Products is an excellent addition to this member benefit.

First you need to register:  
[www.HBArebates.com](http://www.HBArebates.com)  
This tells them where to send your rebate check!

Once a member is registered, they are eligible to claim on a quarterly basis. The deadline to claim for the current quarter is the end of August, 2014. Any home or remodeling project completed from January – June is able to be claimed at this time.

The claiming process is just as simple as registering. A project is ready to be claimed for once the entire project is completed. The claim form asks for the member's company name, the project's address, and the project's completion date. The member then completes the information requested per each manufacturer used, typically

subcontractor or supplier, model number, or quantity used. No receipts are needed!

For example, if the builder uses Therma-Tru Fiberglass Doors, the member will check the highest level of product used and list the product number. Hearth & Home asks for the Fireplace Distributor, the quantity of fireplaces used, and their Model Numbers.

Nationwide, over 70% of builders and remodelers have received what they paid in annual dues, plus made a profit by participating in this free member benefit.

Once a project is completed and the form is filled out, all the builder has to do is send it in, whether it is by mail, email, or fax. Members can also claim using the convenient online form.

Get the most of your membership by taking advantage of this free member benefit. [www.HBArebates.com](http://www.HBArebates.com)

FHBA's Member Rebate Program lets builders and remodelers receive cash rebates for using certain manufacturers' products in the building and remodeling of homes. There are currently 45 participating manufacturers covering 36 different product categories. One of the newest manufacturers to join the program is AZEK Building Products. With multiple products to claim for including decking, moulding and trim,
