

# COLLIER COUNTY ELECTRONIC PROCUREMENT

## TRANSPARENCY IN PROCUREMENT PRACTICES

Collier County Procurement Services has partnered with BidSync to provide web-based bidding services to its vendors, suppliers and contractors. The move to a new online procurement system is necessary in that the current online bidding system is no longer supported. BidSync is a highly viable procurement solution that is endorsed by the Institute for Public Procurement and is being adopted widely by agencies across Florida and nationwide. Implementation is underway with a **go-live date of December 4, 2017**. Vendors are encouraged to **register today at [www.bidsync.com](http://www.bidsync.com)**. Should you need assistance setting up your account, please contact **BidSync customer service at 800-990-9339 or email [support@Bidsync.com](mailto:support@Bidsync.com)**

## Collier County Announces New Bid Platform

- Simple, no cost registration and BidSync offers 24/7 dedicated customer service
- Free access to bids and contract opportunities not only with Collier County, but also to more than 1,000 public agencies nationwide
- Allows for electronic signatures, eliminating notarized paper forms
- Immediate feedback about incomplete or

incorrectly prepared bids, saving vendors time and money

- Access to paid professional bid development services
- All vendors must be registered with Collier County's electronic procurement partner, BidSync, to do business with the county
- Vendors with active bids or solicitations in Collier County's current online bidding system, will

need to continue to monitor them in that platform

*(<http://bid.colliergov.net/bid/> anticipated activity on the site for the next four months)*

- New bids and solicitations will originate in BidSync beginning December 4, 2017. To receive notice of new bids and solicitations, vendors must be registered with BidSync prior to December 4, 2017.

- Register at: [www.bidsync.com](http://www.bidsync.com)
